

## **Quit Tea LLC Begins International Sales**

NORTHEAST HARBOR, ME., June 8, 2010 – Quit Tea LLC began international sales of Quit Tea, its proprietary quit smoking herbal tea, with sales to the United Kingdom and Canada. All sales are over the internet only at this time, but Quit Tea LLC is looking into acquiring partnerships with overseas distributors.

There has been a high volume of web traffic from additional countries such as, Australia, New Zealand, India, and Ireland, but shipping costs and customs can be prohibitive to some sales of Quit Tea overseas. At this time, to ship 2 boxes of Quit Tea to the UK, it costs just over \$9.50.

Quit Tea LLC expects international sales to increase as more countries begin to increase taxes on cigarettes and pass laws prohibiting smoking in public places; such as the recent laws passed in many states in the USA, the UK, France, Canada, Australia, New Zealand, all of Scandinavia, and many more. Also, Quit Tea LLC expects added attention on all smoking cessation aids as governments become increasingly concerned with rising healthcare costs.
